

## **SOUTHERN STAR WINDOWS**

### **Production/Process Workers**

Southern Star Windows is a large privately owned Australian company which specialises in the design, manufacture and distribution of an exclusive range of quality Aluminium Window and Door systems.

We seek experienced and reliable Production/Process Workers to join the team at our Prestons production factory (opening in April 2011) and assist with the assembly and manufacture of aluminium windows and doors.

This is a hands on role in a large factory environment. You will need to be positive and able to work in team environment. Any previous experience in window assembly, the building industry, a trade or skills with hand and power tools would be an advantage. You will be working in a modern and well equipped environment with strong leadership values. We offer competitive and progressive pay scales which advance with experience and skills.

To apply, please post your resume to
